

Global Health Exhibition: Saudi Health Minister Visits Burjeel Holdings' Pavilion, Inspects 'PhysioTherabia' Project

His Excellency was warmly received by Mr. Abdulmohsen Al Ashry, Regional CEO of Burjeel Holdings, and Mr. Safeer Ahamed, COO of Burjeel Holdings

Riyadh: His Excellency Fahad bin Abdurrahman Al-Jalajel, the Minister of Health of Saudi Arabia, visited Burjeel Holdings' pavilion at the Global Health Exhibition and assessed the progress of the PhysioTherabia, which is poised to become the largest network of advanced physiotherapy, rehabilitation, and wellness centers in the Kingdom.

During the visit, His Excellency was warmly received by Mr. Abdulmohsen Al Ashry, Regional CEO of Burjeel Holdings, and Mr. Safeer Ahamed, Chief Operating Officer of Burjeel Holdings.

Mr. Al Ashry expressed his heartfelt gratitude and appreciation to the Minister, highlighting the pivotal role of leaders in overseeing investment plans of major entities as a catalyst for enhancing the quality of investments in the healthcare sector.

“We are committed to investing in the Kingdom and supporting its healthcare and community development goals, in line with Vision 2030. The extensive expertise and diverse investment capabilities of Burjeel Holdings will further bolster the healthcare ecosystem in the Kingdom. Our participation in the Global Health Exhibition in Riyadh showcased the advanced features of the PhysioTherabia centers, destined to form a robust network for cutting-edge physiotherapy, rehabilitation, and wellness,” said Mr. Al Ashry.

PhysioTherabia centers offer the region's most innovative and comprehensive physical therapy, advanced rehabilitation, and sports performance services. Apart from physiotherapy, restoration, and wellness services, the centers also provide expert medical services for musculoskeletal rehabilitation, orthopedic pre and post-surgical rehabilitation, advanced neurological rehabilitation with robotics, pediatric rehabilitation, sports injury rehabilitation, spinal and back rehabilitation, hyperbaric oxygen therapy (HBOT), all designed to foster optimal physical well-being and all-round recovery for patients of all ages. PhysioTherabia's gym-based, all-in-one fitness and physiotherapy approach emphasizes proactive health over-reactive care.

Alongside the PhysioTherabia network, Burjeel Holdings showcased its medical and complex care capabilities at the prestigious event. With the theme 'Invested in

Tomorrow,' Burjeel Holdings took center stage at the Global Health Exhibition, demonstrating its capacity to offer and expand its unique bouquet of complex healthcare offerings in the Kingdom and beyond.

The campaign pillar 'Invested in...' outlined the Group's efforts in areas including talent, technology, community, sustainability, and research, among many others. During the event, Burjeel Holdings displayed its state-of-the-art complex care capabilities catering to the wider region. Its flagship, Burjeel Medical City (BMC), offers treatments for severe complex conditions catering to patients from across the GCC, Asia, MENA, Africa, and Eastern Europe.
